

SteelVision® Features

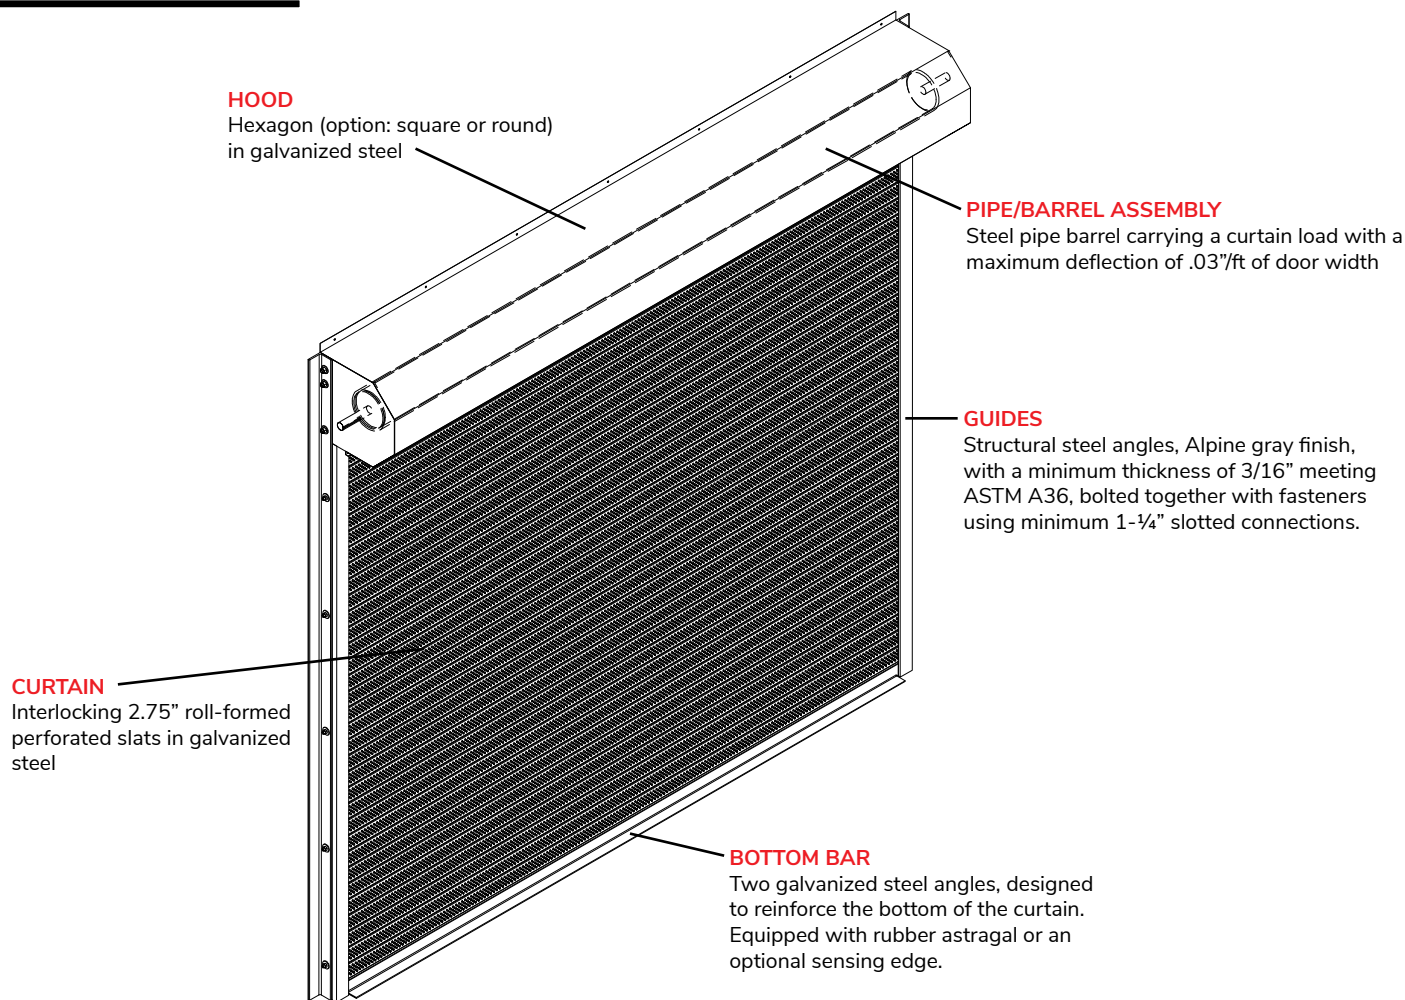

- See-through perforated door curtain maintains security and provides ventilation
- Motor or manually operated
- Aesthetically pleasing, heavy-duty secure door

Alpine SteelVision® Doors are ideal for warehouses, high-security facilities, retail spaces, and store fronts where visibility and ventilated are required.

Functional Benefits

- 2.75" perforated flat slats available in 20 gauge with a 3/32 over 9/64 offset perforated pattern
- Strong and effective yet cosmetically pleasing in appearance
- Doors can be manual push up, hand crank, hand chain or motor operated. All operators can be adapted to specific conditions.
- Ideal for specialty projects requiring ventilation and/or security while showcasing store items.
- Can be installed on the interior, exterior, face of wall or between jamb applications.

Operational Requirements

- Choice of push-up, hand chain, removable awning type crank, or motor operation

Optional Materials and Finishes

- Material Options: Stainless Steel or Aluminum (Aluma-Vision®)
- Finish Options: Galvanized or ExoShield™ Powder Coating.
